Emotional Sobriety: 16 week rotating open study group which fosters in-depth discussions that translate the 12 Steps from

abstract ideas into practical actions that can be applied in daily living. Moving from “doing the steps” to “living the steps” is the secret to developing the fit spiritual condition necessary for a daily reprieve from addiction. This conversation illuminates how the 12 Steps work together and will use experiences that are occurring in the lives of participants to translate these ideas into action.

Anyone from any fellowship can join this conversation at any time. This is not a meeting of an anonymous fellowship: the conversations transcend a “drug of choice” and focus instead on the underlying causes and conditions of addiction. Literature from AA, NA, OA, Al-Anon, CODA and other sources are referenced in these conversations. Music is used to add a contemporary reference, offer a different model of prayer, and provide a mechanism for integrating program messaging beyond the weekly discussion.
